HEY, FRIEND, FEELING BLUE? DOWN IN THE DUMPS? EVERYTHING IS BLAH? Don't quit your job or get a divorce. If you're in a rut, get "GRANDPA HENRY SPILLS THE BEANS," a new book by H.C. Cowen, Grandpa Henry himself. It's a book like you've never seen before -- I'm not kidding -- and you'll find out how to shake up your life and feel great again. (See Chapter 3 in the book.)

HEY, FRIEND, FEELING BLUE? FEELING DOWN IN THE DUMPS? EVERYTHING IS BLAH? Don't quit your job or get a divorce. If you're in a rut, get "GRANDPA HENRY SPILLS THE BEANS," a new book by H.C. Cowen, Grandpa Henry himself. It's a book like you've never seen before -- I'm not kidding -- and you'll find out how to shake up your life and feel great again. (See Chapter 3 in the book.) You'll also find about 200 other stories that tell you the darndest things that nobody seems to know. And won't you have fun telling them to friends, who won't believe you, but fear not! Gramps won't steer you wrong. Everything is true, although he says one story in the very first chapter is iffy. As you'll see, this isn't some dinky little throw-away. Grandpa Henry's book has an extra large 8-1/2x11 page size with more than 200 pages. Oh, you say, it must be expensive. Heck No. It's peanuts. -- only \$9.87 exclusively on the internet. That's \$20.00 discount off the regular price when and if sold in book stores, and by golly, this is the bargain of the year. I'm not trying to be smart alecky, but do yourself a favor and **CLICK ON THE GREEN BUTTON NOW**. If you wish, you can be one of the first to see this unusual new best seller-to-be, and you are going to love it or I'll eat my hat. And it's so cheap! I'm Will Scott and I believe every word above.
